VIRTUAL
RTI WORLD MEETING

LIVE:
Saturday Sept. 5th 9:30am CEST
facebook.com/RoundTableInternational

Dear Friends,

One of the perks as RTI President is to choose a Presidential theme for the year. Many people asked me this year how I came up with my motto **“On Fire For Tabling”** and I’d like to take the occasion of this newsletter to share **“how”**.

It took me various brain-storming sessions in order to narrow down a list from well over 20 ideas to 3-4 more tangible one. A good friend of mine, Fer van den Hurk (Past President of RT The Netherlands) helped me tremendously in this process. His motto was **“Tabling is a Journey, travel it well”** which also very much appealed to me. As someone who travels a lot and has met many incredible persons throughout a 14 year Tabling life, I believe that some of the best moments in Tabling life are when you **“meet old friends for the first time”**. Other ideas on the short list were **“Round Table – My Business”** since I wanted to show how serious I take Tabling (must be my German side 😊) and **“Round Table – My Family”** to show much value I see in our movement and how close one is able to connect to others.

My aim was to find an authentic motto and a punch line to which ALL Tablers can relate to, no matter if its on club, area, national, regional or international level. **“Fire”** and **“energy”** here played a vital role and deciding for **“On Fire For Tabling”**. The aim was to find a powerful motto and when I think about all the different facets of Tabling and how Tablers make a difference in other peoples lives, I mostly identified myself with **“On Fire For Tabling”** since it only takes one spark to ignite a fire and everyone of us does this in his Tabling life.

I then had two very creative brains in Round Table India, Shyamasis s and Vishal Sadarjoshi who put initial sketches into the final logo as you know it now and who created my introduction video at the RTIWM in Romania.

Seeing how the motto got adopted during this year by so many of you made me feel very proud and I am always happy to see the hashtag **#OnFireForTabling** when someone posts Tabling-related topics on social media. Thank you very much to all of those who helped me creating a strong motto/logo and those who embraced using it.

YiT

Sebastian **“On Fire”** Walter
RTI President 2019-2020

TABLER.WORLD

FEATURE OF THE MONTH

Release Notes

Software, online tools, and platforms such as TABLER.WORLD keeps on improving and adding new features. In the monthly RTI newsletter, we are updating you on these new updates and releases. The platform keeps evolving and, from a communication point of view, we want to make it easier for you to understand what is new. The team has added the function of release notes to TW. You will see a gift icon in the top menu bar which, directly leads you to the recently added articles for the new releases.

Past Member access

As we all know, your Tabling career will end. When that happens, you will lose access to TABLER.WORLD as well. Whenever you reach that age, you'll receive an email to choose what you want to do with your TW profile: archive or keep access. Then you can make a choice:

More information, please see:

COMMUNITY SERVICE COLUMN

Dear Tablers,

a very special international Tabler year comes to an end. A year with many challenges due to Covid-19. And although not everything went as expected and planned, it was still an exciting year. I was most impressed by the way Tablers found ways around the world to continue to provide service despite all obstacles and to help the weak in our society. Thanks a lot for this! Proud to be a Tabler!

YiT,
Maxime

UPDATE FROM ROUND TABLE ZIMBABWE

As Zimbabwe continues to experience the brunt of economic adversity our Tables have prioritised our charitable efforts to assist the most vulnerable and hard-hit in our communities particularly old age pensioners, many of whom have been left destitute and without any support.

The vast majority of the funds we have raised through our various initiatives have gone towards providing essential medicines for destitute pensioners;

installing solar systems and generators at old age homes; supplying and installing water tanks and solar borehole systems to ensure a continuous supply of safe potable water;

handing out over 900 food hampers to pensioners;

donating close on four tonnes of dried and tinned food, as well as making regular donations of meat and fish to old age homes;

donating medicine and diapers to three critical care hospitals looking after old folk;

paying for emergency operations for pensioners who can't afford it;

installing and upgrading security systems at numerous old age homes which have become easy targets for criminals;

purchasing PPE and hand sanitizer for various homes during the Corona Pandemic;

supplying hundreds of solar lanterns and torches to pensioners who are being affected by rolling electricity blackouts; and donating blankets as part of our Winter Knights initiative.

We have also supported a number of other worthy causes throughout the year including KidzCan (children's cancer charity); anti-poaching initiatives; and numerous children's orphanages. We have also embraced the Movember initiative raising money to pay for as many prostate cancer tests as possible. There is a strong rivalry amongst the Tablers to see

who not only grows the most impressive moustache but who raises the most money for this very worthy cause.

Our RT Zimbabwe flagship project the Rainbow Children’s Homes is gaining momentum and we hope to have construction underway in earnest as soon as the lockdown has been lifted. This amazing project is the first of its kind in Zimbabwe whereby children undergoing treatment for cancer such as chemotherapy and radiation will have a place to recover before returning home. This will have far reaching and hugely positive impact on families who simply don’t have the financial means to pay for treatment and aftercare of their children who have cancer. We are incredibly proud of this project and would welcome any support from Tables worldwide to make this a state of the art facility.

Our usual means of fundraising has been thrown out of kilter due to the Covid 19 lockdown, however this has made us think outside the box and host a number of virtual fundraisers which have been very well received and supported. One outstanding fundraising effort was undertaken by Tabler Mark Wilson (Harare RT23) who cycled over 3,000km around Zimbabwe raising funds for pensioners. It has been a remarkable undertaking and we are incredibly proud of Mark’s achievement flying the RT23 flag around every corner of our country. RT23 also managed to host their hugely successful Jail n Bail before the lockdown which raised over US\$150,000 in a single afternoon! This is no small feat considering the economic climate in the country. The money raised was used for many of the worthy projects mentioned above.

On a national scale we continue to grow in strength with there being four active Tables in Zimbabwe. Our membership numbers are also the highest that they have been in over a decade. There are currently three strong tables in Harare (RT1 and RT23) and Bulawayo (RT49), with the Masvingo RT11 showing significant growth this year undertaking new projects and services, and actively driving to increase their membership numbers. We are also in the process of chartering a new table in Victoria Falls which is very exciting. The last table that was in Vic Falls closed down in the late 90s, so to re-establish one in this cosmopolitan

town is incredibly pleasing and we hope they will be fully chartered by the end of the year. After years of stagnation RT Zimbabwe is finally moving in the right direction again thanks for the huge dedication and commitment from our Tablers. Our aim is to try and establish Table numbers to what they were in the past and in particular to attract younger members who might not be aware of what Tabling is all about. As our country continues to face many adversities and difficulties we will continue to Adapt, Adopt and Improve to ensure that Round Table flourishes in Zimbabwe. YIT Richard Pio
RT Zimbabwe President

THE TALK OF THE GLOBE INSPIRING LIVES

Life is a wonderful gift, especially when you can look back on it!

Believe you can and you are half way there .."Talk That Talk" (TTT) on August 1, 2020, was one of the most awaited talk show in AMI REGION with the who's who from all across the globe.. Tabler Ross Crichton from RTSA, a real life hero with 80+ surgeries & 40% burn survivor, Tabler Sumeet Kabra from RT India, a 4th Generation entrepreneur who transformed a family business into a thriving professionally managed multinational with skills acquired during his tabling journey, Mr. Vijay Goel a Corporate Lawyer from London UK, who achieved everything that life has to offer, from a humble beginning to the guest lists of Buckingham Palace, London UK.

AMI Region Chairman Tabler Shrikant Saboo (SKS), took the initiative and the talk show became the buzz of the globe .

Moderated by Past Circler Ashna Dhanuka & Past Tabler Narendar Aggrawal; life coach and master facilitators, not merely staged the online event for everyone but the creative introduction of the guests, and smooth transition through the various life aspects of the panelists kept the audience glued to their screens. The event was attended by over 125+ unique zoom log ins and live streamed on AMI Facebook page.

<https://www.facebook.com/Arvindmpandey/videos/3166155800140832/>

The event was a learning opportunity for everyone and also a superb way to network and Connect in these covid times.

TTT focused on talks about motivation, inspiration and Business networking and The new normal as that is our most delicate area at the moment across the globe.

A wonderful take away form one of the panelists :: Sometimes you wake up. Sometimes the fall kills you. And sometimes, when you fall, you fly.

- 10 Boxes Disposable gloves
- 1 Canon Industrial Printer

#CHARITYSTREAKER VIRTUAL MARATHON

Dear gentlemen,
roughly one year ago I was thinking of how to combine two of my biggest passions: tabling and running. So I decided to run the Hamburg marathon 2020 as a fundraiser and started promoting this project during the World Meeting in Romania. So far I am very happy about all the donations (money, pins and other stuff which will be auctioned soon)! But it made me even more proud that four awesome gentleman offered to support me on the track as well (greetings to Arthur Podkocki from RT73 Gütersloh, Christof Dehling from RT235 Amberg-Sulzbach, Julien Lemal from RT66 Mainz and Yannick Schoon from RT171 Bordesholm).

Originally the marathon was scheduled for April 2020, but as you all know, something bad came up and the event was postponed to September 13th 2020. Consequently, we rescheduled our training plan and were optimistic to run together just a little later.

However, the official event was cancelled again. Now we decided to run a marathon on the rescheduled date anyways! But we wouldn't be Tablers, if we didn't try to adapt our plan in order to make the best out of it...

Therefore, we would like to invite all of you to run a virtual marathon together with us! As we prepared several months for this single day, we do not recommend to run 42km out of nothing. Instead you will have one week to run, walk or hike the distance.

Join the "Round Table Charity Streakers" group on Strava, share your results via social media with hashtag #charitystreaker and dont forget to donate!

All the funds are going to be divided: One half is going to RTD84 project "TAE can read", which produces and provides primary school books in and for Uganda. The other half is going towards the German NSP "Statt Plastik Becher" which raises plastic waste awareness in German kindergartens by exchanging plastic cups with metal ones.

I am very excited to run virtually together with everyone of you who takes the challenge! Even if you don't make the 42km every kilometer improves your personal health, education in Africa and the global waste problem!

Thanks for your support!

Best regards and St. Pauli in Table
Stefan Harrichhausen
RT84 Hamburg St. Pauli

#charitystreaker virtual marathon

When? 7th to 13th September 2020
Where? Your favourite running track
How far? Run as much/often as you can
How much? Donate 1€ for each km
Every participant gets a little present
Every finisher (>42km) gets a unique medal

UPDATE FROM ROUND TABLE TRINIDAD AND TOBAGO

BUILDING ON A STRONG FOUNDATION

Reaching out in unprecedented times

Our twin island Republic of Trinidad and Tobago nestled in

the southern Caribbean, like the rest of the world, experienced our first wave of COVID-19 (SARS-CoV-2) during the first quarter of 2020. Whilst this adversely affected our economy, we did not let this dampen our tabling spirit, we quickly **adopted** to the new normal, **adapted** to the restrictions, but went into overdrive with our charitable initiatives to **improve** the lives of those less fortunate in society. We continue

with our "Food or Forty" charitable initiative (established since our charter in 2016) contributing to fortnightly food hampers and partnering with other NGOs. Annual fundraisers like our Parang lime (crowd pleasing Spanish-Trinidadian Christmas tunes) and Retro boatcruise party allow us to take on special projects including our "Back to School books support", computers, furniture donations and home repairs and where necessary. Currently our "Feed a family" initiative will assist more than 150 families with basic food and sanitary items. We take special pride in our ongoing charitable causes and will never cease to give our all in making the lives of Trinbagonians happier and more comfortable.

International fun and fellowship

Our past year has been super exciting commencing in July 2019 when our big brother and then NEA Regional Chairman Rasmus Faurby visited our shores with his wife and son for the first time. Among the many places that he and his family visited were our beautiful Maracas Bay, where they enjoyed many of our local foods like the famous Bake and Shark, our world famous Pitch Lake, San Fernando Hill, Pigeon Point Tobago and nesting of the leatherback turtle in Toco, just to name a

few. We were very honoured to have Rasmus and his wonderful family visit our beautiful island and we hope to see him again soon!

In July 2019 our youngest Tabler, Nigel Dookie was taken under the wings of our infamous IRO Wendell Rattan, joined forces with one of the region's most established Tables RT Suriname and ventured to meet our RT brothers in Curaçao. Stories of legendary adventure are well known at every gathering we have!

Despite an intense tropical storm bringing torrential rain and an unfortunate power outage, our AGM September 2019 was a special moment for our Table as we had the distinct

pleasure of welcoming 3 new Tablers to the fold at our beach house in Toco, Trinidad. Mark Dates, Ignazio Subero and Nigel Dookie were able to celebrate their induction into the world of Tabling with guest Tablers from Suriname and Cornelius (then President of RT #16 Bregenz Austria), taking the opportunity to make the event such a pleasure with their presence. Tours of the North Coast, pub crawls, cricket on the beach and enjoying some of the sweetest local cuisine were some of the highlights of this epic weekend.

Roll into 2020 and here comes Juhani Salo (IRO RT-120 Finland) to our shores. Amazing inspiration and display of courage to pursue his dream of traveling the world (without the use of airplanes and modern comforts!). His stories of rugged adventure aboard cargo boats and his experience of cultures would fill most men with awe, especially over cold draft beers and warm beach breezes at Maracas Bay. We were gifted his signed nautical flag which has traveled with him to 20+ countries along his epic journey. While here, Juhani was able to join his newfound brothers in Tabling at our natural springs, pools & beaches, taking the opportunity to sample our local delicacies such as "doubles", "broth" and curry dishes along the way. At the Piparo Mud Volcanoes Juhani and his spouse were able to enjoy the skin cleansing qualities of the mineral enriched mud that erupts there! He also grasped the opportunity to teach physical education courses at the Claxton Bay Primary and

Tabaquite Secondary Schools. At the Chagaramus Nature Park we played games of cricket where Juhani proved more than capable to hold his own in the wicket! It was a source of pride for us to hear a man who had essentially travelled the world exclaim that he was utterly impressed with the hospitality and fellowship he shared with RTTT. Safe travels Juhani, until we meet again!

Pictures tell the tale.....

What's next ...?

The RT Americas are well poised for expansion and RTTT is supporting this with great fervour. As inroads continue to be made in Mexico, Brazil, USA and the Caribbean, we are engaged with our brothers in the region to explore the strategic alignment of our future goals. Trinidad was chosen to be the venue of the next RT Americas fellowship event scheduled for March 2021 and we are extremely eager to meet our **“old friends for the first time”**.

RTTT's AGM is scheduled in the month of October 2020. Although COVID-19 cases have increased locally in our beloved country, RTTT SF #1 will be committed to hosting its AGM in the safest and most practical way possible. Looking forward to welcoming our new board members and joining our international brothers virtually at the 2020 World Meeting. Hoping to visit you in 2021 but until then we say - Later vibes!

THE TABLATHON SPORT AND CHARITY

Between May 16th and 24th, 2020, the Round Table 106 Aubange (Belgium) launched the TABLATHON. The concept? Achieve a semi-marathon distance (21 kilometres) over 9 days.

Because of the COVID-19 pandemic and the associated lockdown in Belgium, RT106 Aubange had to cancel several events. The Aubange Tablers however decided to ADAPT and innovate with a new activity for raising funds. Indeed, people most in need have never had such need of solidarity than during these difficult times. In particular the local section of the Red Cross sought for help towards Round Table. This request couldn't stay without a proper answer.

For that reason, the RT106 Aubange decided to propose a sport challenge easily attainable by anyone since it could be performed by running or walking in one or several outings and whatever the place. If such physical activity was authorised during the lockdown, the Tablathon has been designed so that participants could respect the sanitary measures, essentially social distancing.

Thanks to internal skills, the RT106 Aubange was able to manage the organization of this event without intermediaries. With a registration fee of 7.50 euros and low costs, the Tablathon resulted in an impressive profit of 18,000 euros which is not bad for an activity designed in just a few days in a lockdown context. Dedicated to a local public at inception, the Tablathon recorded registrations even from abroad.

Participants did not count their efforts for this sporting and charitable challenge. In total 45,984 kilometers have been covered by 1821 persons. For motivating participants, special prizes were allocated and a special one for the Round Table totalizing the most kilometres. Overall the participant who ran the most reached a total of 335 km while the first woman ran 276 km.

For this first edition, the Tablathon already provided some great stories. Several runners started their challenge at midnight on the very first day to be the first finishers. Some others have walked more than 50 kilometres in a row while other participants have simply returned to sport through this challenge.

After 9 days of sweat and fun, it is nothing less than 18,000 euros that have been distributed to local associations. This first edition being a real success, the Tablers from Aubange already invite you for the next edition from May 8th to May 16th, 2021. Be prepared for the Tablathon 2.0 and incredible surprises to come...

UPDATE FROM ROUND TABLE MALAWI

Round Table Malawi today has donated Medical PPE to the value of Mk 1,920,000.00 (approx. US\$ 2,500.00) to Kamuzu Central Hospital in Lilongwe for the fight against Covid-19 in Malawi. Round Table Malawi acted upon an urgent S.O.S message received in the National newspapers from KCH, where staff pleaded for further PPE donation due to stocks running very low at the Hospital.

The RT Malawi Vice President, Arno Botha said: “We are very grateful that we are in a position to donate further PPE to KCH after answering the S.O.S message received in the National Newspapers. This would not have been made possible if this was not for funds received from donors to assist Round Table Malawi to carry out this urgent and timely donation. We would like to thank all the donors for their generosity and we are glad that we could direct the funding towards much needed PPE”.

Arno Botha was joined by the RT Lilongwe 32 Club Vice Chairman Mr. Mickey Sabelli who was instrumental in receiving the PPE which has been procured in Blantyre through the RT Malawi Association Executives based there.

In total, Round Table Malawi has donated the following urgent PPE supplies:

- 2000 Disposable Mask,
- 90 Re-usable Safety Suits,
- 100ltr of Hand Sanitizer,
- 40ltr Disinfectant Concentrate to make 200ltr worth of Disinfectant Surface Cleaner.

The Staff from Kamuzu Central Hospital was very thankful for receiving the donation and said that they will put all the PPE to good use. They also thanked Round Table for their continued support in the past few months with all the donations made towards KCH so far.

To date KCH alone has received Mk 5,101,500.00 (approx. US\$ 7,000.00) from donations from Round Table Malawi since April this year for the fight against Covid-19. Round Table Malawi is busy with planning two more donations in the Blantyre Area, and Dwangwa Area respectively the next week or so.

Round Table Malawi, with the help of its three Clubs, Blantyre 20, Lilongwe 32 and Dwangwa 69 has since April 2020 donated over Mk 7,553,900.00 (approx. US\$ 10,200.00) to various Hospitals in Malawi for the fight against Covid-19 and is pushing to raise more funds to make a bigger impact in Malawi. Round Table Malawi is set to donate a further Mk 1,862,500.00 (approx. US\$ 2,500.00) in the coming weeks.

We really hope as Round Table Malawi that we can inspire bigger Associations to follow suit and help their respective Health Industries all over the world.

YiT,
Arno Botha
RT Malawi Vice President 2020 / 2021
