PRESIDENT'S NOTES

Dear Friends,

Year end is approaching and I don't know how you feel but I can't believe 2020 is just around the corner. This year so far has been simply incredible.

Men's health was the focus all around the RT world in November and it was really amazing to see how many of you participated in the RTI Movember. Thanks a lot to each and everyone who made this global initiative a great success.

The way Tablers are there for one another and the way Tablers care for others is something that continues impressing me over and over again.

This week many RT Family members went to Ukraine, Moldova, Rumania and Bulgaria distributing 180.000 Christmas parcels to children in remote area and again making a huge impact on so many people. Seeing the pictures of happy kids on social media and that so many of you helped achieving this.

RT Israel is celebrating their 40th anniversary this week hosting many guests from all over the world. Various associations are in high time preparing for the RT Marathon Relay on RT Day on 14.03.2020. Inside this issue you will find in-depth details on how you can participate, please help us to make this event a great success for Round Table.

Last month I had the opportunity and visit RT Nepal, RT India and RT Bangladesh and would like to thank those associations for their wonderful hospitality. If you ever have a chance to visit a different association, seize the opportunity to make new friends, listen, learn and remember to share your positive experiences with others.

I wish every reader and their families a great year end and happy holidays!
Looking forward to an amazing 2020 with lots of new experiences.

YiT
Sebastian

Sebastian Walter

RTI President
Board 2019-2020

COMMUNITY SERVICE COLUMN

Dear Tablers,

Movember has been a longstanding tradition amongst Tablers. We are proud to see how many amongst us have been part of this movement this year and have raised awareness to men's health. The collaboration with the Movember Foundation has brought us amazing reach through social media and gave us an opportunity about both men's health and Round Table. The excerpts from the statistics and social media posts on the following page are merely a fraction of the amazing stories and contributions from all associations that have been shared and that gave Round Table an amazing publicity - and in the long run might even have saved lives.

And I really hope that you all carry this momentum into the new year, when we all have the opportunity to raise awareness for Round Table itself on Round Table Day 2020 with running events all over the globe during the RTI Marathon Relay. On page 6 & 7 you find ideas how you, your table or area can participate.

10. Oktober

10th of October marks World Mental Health Day

One of RTI's global community service activities this year is to join hands with "Movember Foundation" and raise awareness about:

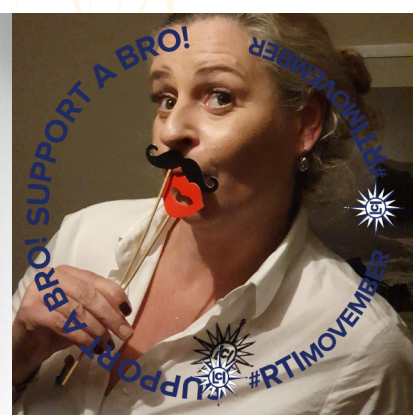

Prostate Cancer
Testicular Cancer
Suicide prevention and
Mental health

I today had the opportunity to meet Michael, European Director of Movember Foundation, to discuss ways of cooperation and to understand Movember's work better.

Round Table is a young mens organization and investing time and resources into above topics becomes more and more important in today's society. Everyone of us can make a positive difference to someone's else's life.

In the next few weeks you'll see a lot of communication from RTI related to our joint efforts with Movember, please check how you can help. Thank you!

ROUND TABLE DAY

#RTDAY2020

CONNECTING ALL

Track your progress individually together with Tablers from around the globe through STRAVA

www.strava.com/clubs/rtinternational

IDEA #2

Like #1, except that here the whole district/area participates and the tables can compete against each other (who manages the 42km in the shortest time or who manages the most kilometers in the same time). Due to the higher number of participants, higher sums of donations can be collected for the same sponsorship. The money raised can be used to support regional or national service projects. It makes sense to organize a family event with partners and children, BBQ, etc.

IDEA #1

Tablers meet on RT Day and run together as relay 42km. Sports field, forest, shopping street - everything is possible. In order to collect donations, the Tablers are looking for sponsors who donate per kilometer run. The money can be used for local projects. If at a table with 15 members each Tabler acquires 5 EUR per km in donation, that results in a donation sum of 3150 EUR for 42 km!

IDEA #3

Organization of a relay race of the individual local professional groups and "guilds" of a city against each other: doctors, teachers, lawyers, hairdressers, political parties, city administration, service clubs, etc. Due to the high number of "VIPs", a high level of attention is possible here, but the whole thing is easier to organize as a closed event than a public run. Donations can be raised through sponsors such as 1 & 2 and through entry fees from the participating teams. A local project should be supported in order to increase the motivation to participate.

ROUND TABLE DAY

#RTDAY2020

IDEA #4

ROUND TABLE

Organization of a public running event. The largest possible donation result from sponsors and entry fees, but at the same time the greatest effort. Permits must be obtained and conditions fulfilled (rescue service, security, insurance, road closures etc.). In addition, the success of the action depends very much on the awareness, it must be advertised therefore early and over all channels for the Event.

Banks/financial service providers or energy suppliers are particularly suitable as sponsors. The gold sponsor could receive the right to the name, silver sponsors could be printed on start numbers, perimeter advertising, start/finish signage. Bronze sponsors could be mentioned on the website or on flyers/posters.

3 disciplines could be offered: Single marathon and half marathon as well as a team competition (relay marathon) with 2/4/8 teams. Entry fees depend on the type of team, if necessary one could also ask the participants to make a donation to a defined project, which the participants either pay themselves or have themselves paid by sponsors. (For example the Superlative Adventure Club works like this: <https://balticrally.superlative-adventure.com/bsc-charity.html>)

Finisher shirts and medals could include the RT logo, and a local fundraising target is also helpful in marketing this idea.

In addition to the actual run, a framework or follow-up program can also be organized here (example: RT Mauritius). Food/drink stands, evening program with music etc. This can also generate additional income and the size of the event can be increased.

TANGENT CLUB INTERNATIONAL PROUDLY PRESENTS:

What is Tangent and who are their members?

This question we do hear often from many Tablers in various occasions. We are fun loving ladies, slightly more mature than your sisters in Ladies Circle, but still very much active. We do the same things as you: white water rafting, flying a small plane, paragliding and pole dancing – well, maybe you don't do that so often – but nevertheless, we enjoy experiencing new things, meeting new people – and partying. We also do a lot of fundraising from tea parties to marathons and champagne raffles, to help our national charities as well as supporting the Ladies' Circle International charity project.

Tangent Club International is your baby in the time of when we were formed, as we only became an international association in 2014. We are growing and have currently about 13 000 members in 8 full member and 6 associate member countries, with two new countries planning to join us next year. We honor and value our roots in the Ladies' Circle and, hence, all national Tangents are started by ladies that have been members of Ladies Circle. This makes us a proud part of the Round Table Family. If you don't have Tangent Club in your country yet, do get in touch and we can tell how you, as a Tabler, can support one get started!

In Tangent Club, we continue the friendships and networks established in the Ladies' Circle and working side-by-side in the Round Table Family makes us all stronger. So, when we meet the next time, at the international, national or local events and meetings, do come up and say hello – we don't bite, but we just might hug!

Nina Leppäkangas
TCI President 2019-2020

UPDATE FROM ROUND TABLE EASTERN AFRICA PAGES 8-10

AN UPDATE FROM ROUND TABLE MOMBASA 3

For over 65 years, Round Table Mombasa 3 has continually strived to improve the lives of the less fortunate through various health and education programs. RTM3 WEEK OF HEALING is the largest health program that RTM3 organizes and has been carried out annually for close to 30 years since its inception by Mombasa 41er, Prof. Rafique Parkar (EBS) who is the lead surgeon.

During this period, we take a panel of renowned doctors and specialists who provide free care to those who need it. This includes screening, laparoscopic surgery, post-surgery care and medication. There are unfortunately, many Kenyans who do not have access to healthcare and cannot afford basic or specialised surgeries. During the RTM3 WEEK OF HEALING, they will have access to any type of medical care they need. The RTM3 WEEK OF HEALING project has improved the lives of more than 10,000 patients.

RTM3 WEEK OF HEALING as a project, is keeping in line with at least 3 Millennium Development goals as it reduces child mortality, improves maternal health and combats many diseases that only can be treated through surgery.

We take great pleasure in informing the ROUND TABLE INTERNATIONAL family that RTM3 WEEK OF HEALING 2019 will be held at Kilifi District Hospital from 24th November 2019 to 1st December 2019 with over 200 surgeries scheduled.

Kindly help save many more lives via donating: >

TREE DRIVE

Last but not least, we had a Tree Drive that was held on 21st July 2019 at the Awasi area in the Kisumu environs where 1000 trees were planted to an additional 12,000. The local community also participated and were educated on the importance of trees in our environment.

AN UPDATE FROM ROUND TABLE ARUSHA 14

Round Table Arusha 14 is a small table that was re-chartered 5 years ago. In those years we have been growing in fellowship, Tabling, Tabling spirit just to name a few.

We are proud to have initiated ourselves in a number of charitable organizations and charity fund raisers.

Some of the Charity Organizations that we are involved with are: Paradise Outlook Centre, Chiva Orphanage, Samartan Village, Hope Orphanage, Childrens Jail, Deaf and Dumb School.

Here we have decided to take 7 children through school and support them for any of their education needs.

All these orphanages cater for children from the age of 6 months up to 20 years of age. Every week we take some goodies to them and also once in a while, we will take them for an outing like to go and watch a movie amongst other things. This is when we gave them some sweets and biscuits.

We are proud to have our annual **KlimbManjaro** event going on for four years now. As all the proceeds go towards helping the Orphans, we have decided to charge cost to any Tabler and their family member and urge them to raise funds through their tables. We would like to request every Association to kindly raise funds and also to attend the Climb, even if it is just for the celebrations. Every Tabler that arrives for the climb or just for the celebrations, are taken to meet the Orphans, where we will also show you the Orphans that have been educated by Round Table Arusha 14.

Round Table Arusha 14 is proud to have started another Fund Raiser and have just concluded our second tournament now. This is the Golf Tournament.

We request the support of the international tabling fraternity and their families to help us in continuing to support our charitable projects. We look forward to receiving and hosting you at our next charitable events, be that KlimbManjaro, KlimbMeru or the Annual Charitee Golf Tournament in Arusha.

And finally thank you to those tables that continue to support us every year, RT 14 Vienna, RT Tampere 3, RT 182 Tübingen, RT 140 Crailsheim, RT170 Passau, RT35 Kokstad, RT44 Paarl, RT9 Saarbrücken, Club 41 Austria, and we look forward to attaining greater support from the RTI fraternity.

We would request you to please get in touch with us so as to see how you may help us help the Orphans.
